Smoking Areas

Smoking is not permitted anywhere in the Facility.

Parking

Parking is available free of charge.

Prayer Room

Available at customer's request.

Health & Safety

What to do in case of emergency

Safety Briefing Documents are displayed in all our briefings room - all trainees should read these briefings carefully before commencing training, particularly our dry customers, since it is their responsibility to read and understand these safety briefings.

What to do in case of Evacuation

If you discover a fire immediately activate the nearest fire alarm.

On hearing the fire alarm

The front desk will phone the fire department. Leave the building immediately by the fire exit route. Assemble at the meeting point located outside, in the car park A. Fire wardens will inform the fire officer of any danger areas in the building

Simulator

In the simulator halls, all the simulators will shut down. In the individual bays only that simulator will shut down.

For evacuation please follow the instruction that will be found in all simulators.

Please remember that the bay floor can only be accessed in case of emergency

Other building areas

Evacuate through the nearest exit and refer to the indicated meeting point, respecting the safety distance from the building until the situation goes back to normal. Preferably use the outdoor stairs.

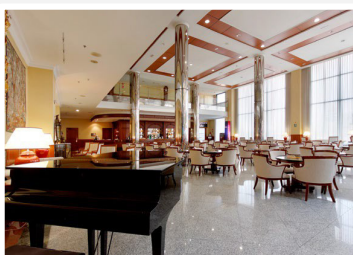

Local Hotel Information

CAE Madrid has negotiated the best rates with local hotels on behalf of customers and to ensure the best value, CAE Madrid does not receive any commission or service fee.

Layout of Centre

The Madrid training centre consists of two buildings, connected with a bridge. The training centre houses 10 full flight Simulators for the aircraft types: A320, A330, A340, DASH8 Q-300, Dornier, CRJ200/900/1000 and MD87/88. The simulators are located on both buildings.

There are 3 APT devices for A320, A330 and A340, as well as an IPT for CRJ200&900, and one for DASH8.

As for cabin crew training, there are 2 cabin crew mock-up trainers for both, B747 and A320, as well as an A330/340 door and slide trainer, and a fire and smoke trainer.

Seventeen classrooms are available, fully equipped with digital whiteboards and projectors, as well as 22 briefing rooms for the simulators.

There is a business centre where clients are free to use computers, send faxes, print documents, and watch TV in their leisure time.

On the ground floor there is a canteen, open until 16:00h every day, as well as vending machines, which are available 24 hours.
